

March 13, 2020

Dear Families,

We are sending home materials with your child today to prepare for the e-Learning days that will take place all next week. Each child will be bringing home a green folder along with books, spirals, ipad, charger and the District 90 lease agreement. Please sign this form and send it back when your child returns to school. We will also be pushing out daily assignments using Google Classroom, but most are available in the green folder. The special area classes (P.E., STEM, Art, Music, and Library) will be pushing assignments out using Seesaw.

As a grade level team, we have planned for 120 minutes of school work each day. Please know that sticking to this schedule is all that is expected. In addition, your child will have a photo on their iPads that contains their username and password if they cannot remember it.

Please communicate via Seesaw every day by uploading a picture of one piece of work for attendance purposes.

Thank you for your support, your family's health is very important to us and we certainly hope everyone stays healthy during this difficult time.

The Third Grade Team,

Mrs. Briggs, Mrs. Mares, Mrs. McCole, and Mrs. Ponzio

Tech Support

-If you have any tech related questions, please email powerschool@district90.org

-Video on how to use your iPad at Home:
<https://vimeo.com/397347905>

-Math/Reading/Writing assignments will be posted through student's Google Classroom account (please also use hard copies of assignments as applies)

-Specials (Library/PE/Art/Music/STEM) will be posted as assignments through Seesaw
